Big Ideas Weekend

The Point's Café Bar will be serving a special vegan and vegetarian menu from sustainable sources **all day**. All of our Vegware disposable cups are made from plants using renewable, lower carbon, recycled or reclaimed materials and are compostable with food waste.

We're asking for your support to help our green ambitions grow, so we can keep working together for creative and community action that makes change happen. You can donate at any of the contactless donation points around the building or **text to to donate £...**
