## Terms and conditions

Please read the terms and conditions in full before submitting your application.

Eastleigh Borough Council cannot guarantee the suitability of the road for your event and will not attempt to clear it of parked vehicles or obstructions prior to the closure taking effect.

This may not be the only application you will be required to make in order to hold your event. You're responsible for finding out if any other licences are required for your event.

We must receive your application at least six weeks before the date of the event otherwise we will not be able to process it.

Make sure you give all the information requested on the form. To prevent delay you must enclose the following with your application:

- a street plan of your event
- a copy of your resident consultation letter

Please note your application is for the Council to legally grant permission to close the road. It does not include the traffic management equipment you may need, such as road closure signs.

## A closure will only be authorised subject to the following:

- you must pay to the council the full costs of any damage to the highway or street furniture or other loss or damage suffered
  by it and of any claims made against it as a result of the making of the Order and which arise from your negligence or, if you
  represent an organisation, the negligence of your organisation's members or officers. We strongly recommend that you take out
  Public Liability Insurance for the duration of your road closure
- 2. any Traffic Regulation Order or other statutory provision which is currently in force in the roads to be closed will remain in force during the closure unless specified to the contrary on the Legal Order e.g. if a road has permit parking, these rules will still apply during the event.
- 3. you agree to clean the street, if appropriate, in order to return it to its condition prior to the closure.
