Dear Members

Certification of claims and returns annual report 2013-14 Eastleigh Borough Council

We are pleased to report on our certification work. This report summarises the results of our work on Eastleigh Borough Council's 2013-14 claims and returns.

Scope of work

Local authorities claim large sums of public money in grants and subsidies from central government and other grant-paying bodies and are required to complete returns providing financial information to government departments. In some cases these grant-paying bodies and government departments require certification from an appropriately qualified auditor of the claims and returns submitted to them.

Under section 28 of the Audit Commission Act 1998, the Audit Commission may, at the request of authorities, make arrangements for certifying claims and returns because scheme terms and conditions include a certification requirement. When such arrangements are made, certification instructions issued by the Audit Commission to appointed auditors of the audited body set out the work they must undertake before issuing certificates and set out the submission deadlines.

Certification work is not an audit. Certification work involves executing prescribed tests which are designed to give reasonable assurance that claims and returns are fairly stated and in accordance with specified terms and conditions.

Where auditors agree it is necessary audited bodies can amend a claim or return. An auditor's certificate may also refer to a qualification letter where there is disagreement or uncertainty, or the audited body does not comply with scheme terms and conditions.

Statement of responsibilities

In March 2013 the Audit Commission issued a revised version of the 'Statement of responsibilities of grant-paying bodies, authorities, the Audit Commission and appointed auditors in relation to claims and returns' (statement of responsibilities). It is available from the Chief Executive of each audited body and via the Audit Commission website.

The statement of responsibilities serves as the formal terms of engagement between the Audit Commission's appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

This annual certification report is prepared in the context of the statement of responsibilities. It is addressed to those charged with governance and is prepared for the sole use of the audited body. We, as appointed auditor, take no responsibility to any third party.

Summary

Section 1 of this report outlines the results of our 2013-14 certification work and highlights the significant issues.

We checked and certified the Council's Housing Benefits claim with a total value of £31 million. We submitted an unqualified certificate on this claim within the submission deadline. There were no amendments made to the claim as a result of our certification work.

Fees for certification work are summarised in section 2. The Audit Commission reduced the certification fees in 2013-14 to reflect that we were not required to certify the non-domestic rates return, and that council tax benefits ceased to be paid from 1 April 2013. We have included the actual fees for 2012-13 to assist year on year comparisons.

We welcome the opportunity to discuss the contents of this report with you at the 10 March 2015 Audit Committee.

Yours faithfully

Kate Handy
Director

1. Summary of 2013-14 certification work

We certified one claim in 2013-14. Our main findings are shown below.

Housing benefits subsidy claim

Scope of work	Results
Value of claim presented for certification	£31,072,923
Limited or full review	Full
Amended	No
Qualification letter	No
Fee – 2013-14	£13,728
Fee – 2012-13	£16,300
Recommendations from 2012-13:	Findings in 2013-14
None	N/A

Councils run the Government's housing benefits scheme for tenants. Councils responsible for the scheme claim subsidies from the Department for Work and Pensions (DWP) towards the cost of benefits paid.

The certification guidance requires auditors to complete more extensive '40+' testing (extended testing) if initial testing identifies errors in the calculation of benefit or compilation of the claim. Our initial testing of Non-HRA rent rebate cases identified one case where the Council had used an incorrect level of caravan pitch rental in the benefit calculation. Officers reviewed all of the similar Non-HRA benefit cases in 2013-14 and found no further errors. An amendment has been made on the system to adjust the ongoing 2014-15 benefit for the case that had been incorrectly calculated during 2013-14.

We certified the claim without qualification.

.

2. 2013-14 certification fees

From 2012-13 the Audit Commission replaced the previous schedule of maximum hourly rates with a composite indicative fee for certification work for each body. The indicative fees for 2013-14 are based on actual certification fees for 2011-12, reflecting the amount of work required by the auditor to certify the relevant claims and returns in that year. There was also a 40 per cent reduction in fees reflecting the outcome of the Audit Commission procurement for external audit services.

The housing benefit subsidy indicative fee for 2013-14 has also been reduced by a further 12% to reflect the removal of council tax benefit from the scheme.

Claim or return	2012-13	2013-14	2013-14
	Actual fee £	Indicative fee £	Actual fee £
Housing benefits subsidy claim	16,300	13,728	13,728
National Non-domestic rates	1,600	N/A	N/A
Total	17,900	13,728	13,728

Note: Fees for annual reporting and for planning, supervision and review have been allocated directly to the claim.

3. Looking forward

For 2014-15, the Audit Commission has calculated indicative certification fees based on the latest available information on actual certification fees for 2012-13, adjusted for any schemes that no longer require certification.

The Council's indicative certification fee for 2014-15 is £14,340. The actual certification fee may be higher or lower if we need to undertake more or less work than in 2012-13 on individual claims or returns. Details of individual indicative certification fees are available at the following link:

<http://www.audit-commission.gov.uk/audit-regime/audit-fees/201415-work-programme-and-scales-of-fees/>

We must seek the agreement of the Audit Commission to any proposed variations to indicative certification fees. The Audit Commission expects variations from the indicative fee to occur only where issues arise that are significantly different from those identified and reflected in the 2012-13 fee.

DCLG and HM Treasury are working with grant-paying bodies to develop assurance arrangements for certifying claims and returns following the closure of the Commission (due April 2015).

The Audit Commission currently expects that auditors will continue to certify local authority claims for housing benefit subsidy from the Department for Work and Pensions (DWP) under the arrangements developed by the Commission. The DWP has asked the Commission to prepare the auditor guidance for 2014-15. Arrangements for 2015-16 onwards are to be confirmed, but DWP envisages that auditor certification will be needed until 2016-17, when Universal Credit is expected to replace housing benefit.

The Audit Commission has changed its instructions to allow appointed auditors to act as reporting accountants where the Commission has not made, or does not intend to make, certification arrangements. This removes the previous restriction saying that the appointed auditor cannot act if the Commission has declined to make arrangements.
